Good morning Shaun,

I just wanted to touch base with you on the status of the U&O FIP and next steps. We have finished addressing all of the comments from the technical review and have clean versions of both the Federal Register Notice (FRN/Reg text) and the Technical Support Document (TSD) ready to move forward. I believe Carl chatted with you last week about me sending the clean drafts this week to Debbie Jordan in OAR to begin the review and concurrence process in advance of the continuing consultation with the Ute Tribe on 1/14. Before I sent any documents to Debbie, I just wanted to check in with you to confirm that was still the plan. Let me know if you have any questions.

Thanks,

Dee
